

# FLEX HIGH

Designer: Ruud Ekstrand

*"Flex High increases the options available by offering a chair with arms that combines a high back with just the right degree of flexibility. It has a star-shaped swivel base with either four glides or five castors."*

## F-268

Armchair with high backrest and swivelling pillar chassis on wheels

## S-004

Writing tablet

## Performance

Frame in black (RAL9005) or white (RAL9016) lacquered metal. Skandiform Colour Collection (RAL) lacquers and chrome finish as an option. Armrests in black plastic.

## Upholstery

High Resilient (HR) Polyurethane foam.

## Fabric requirements
